GREEN GYM CATALOGUE

Our Green Gym products are specifically designed to encourage outdoor fitness and promote an active lifestyle within communities. Ideal for parks, schools, and public spaces, these durable and high-quality machines provide versatile exercise options for users of all ages. Each piece is customizable in design and color, allowing for personalization to match any environment. The powder coating ensures long-lasting protection against the elements, making them perfect for outdoor use.

Models

1. Elite

The Elite model is constructed using top-quality Class B GI material, ensuring durability and strength. Its design and color options are customizable based on customer choice and availability, providing flexibility to meet various aesthetic preferences.

2. Pro

The Pro model is made from the best quality Class A GI material, offering exceptional performance and longevity. Like the Elite, it allows for customization in design and color according to customer preferences, ensuring it fits seamlessly into any outdoor setting.

3. Classic

The Classic model utilizes high-quality mild steel material, providing a robust and sturdy option for outdoor fitness. This model also offers customizable design and color options, based on availability, to suit the unique style of each location.

Explore the best green gym products from our extensive range! Our durable and eco-friendly equipment helps you to enhance your outdoor fitness experience.
